Dear Daron:

This is a request for extension of the required changes for the approval of the Test Plot Removal to 04/16/01. The reason for the extension is a death in the family which will require me to be out of town for at least a week. I haven't received the information from Mt. Nebo as yet, and this will allow time to assemble it properly when I return.

I appreciate your consideration of this matter. If you have any questions, or need additional information, please let me know.

Sincerely,

Dan W. Guy
